#### B. Use of Estimates in the Preparation of the Financial Statements

**STATEMENT AS OF MARCH 31, 2010 OF THE  
Fidelis SecureCare of Michigan Inc.**

## **NOTES TO FINANCIAL STATEMENTS**

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Health premiums are earned monthly over the terms of the related insurance contracts or policies. Expenses incurred in connection with acquiring new insurance business, including acquisition costs such as sales commissions, are charged to operations as incurred.

The amount of dividends to be paid to policyholders is determined annually by the Company's Board of Directors. The aggregate amount of policyholders' dividends is related to actual interest, mortality, morbidity, and expense experience for the year and judgment as to the appropriate level of statutory surplus to be retained by the Company.

In addition, the company uses the following accounting policies:

- (1) Short-term investments are stated at amortized cost.
- (2) Common Stocks at market except that investments in stocks of uncombined subsidiaries and affiliates in which the Company has an interest of 10 % or more (per SSAP 88) are carried on the equity basis. Bonds not backed by other loans are stated at amortized cost using the constant yield interest method.
- (3) The Company anticipates investment income as a factor in the premium deficiency calculation.
- (4) Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability are continually reviewed and any adjustments are reflected in the period determined.
- (5) The Company has not modified its capitalization policy from the prior period.
